

INTEGRATION PERFORMANCE

IP-UNI62 Slim 6" Universal Component System

88 dB efficiency and incredible power handling

Slim 6" Universal Component Car Speaker System

The IP-UNI62 delivers outstanding sound in a slim design, combining a shallow-mount 6" woofer with a compact 1" soft dome tweeter. Designed for universal fit and seamless OEM integration, it provides Morel's signature natural sound, rich dynamics, and tight bass without complex modifications. Its inverted neodymium magnet motor enables a low-profile design, while the die-cast aluminum chassis minimizes resonance for greater clarity. Engineered for flexibility, the IP-UNI62 enhances performance in both factory and aftermarket setups. Enjoy a refined listening experience in a slim, efficient package—engineered to elevate your drive.

Key advantages

- Shallow profile for easy installation
- Excellent Bass response
- In-line crossover for easy installation
- 1" (25mm) soft dome tweeter with excellent off-axis response
- Inverted powerful neodymium magnet design
- High efficiency and high power handling 80Wrms
- Aluminum die-cast basket for better bass performance and less vibration
- Designed for OEM to aftermarket amplification

Specifications

Woofer size	6.5" (166mm)
Tweeter Size	1" (25mm)
Configuration	2-way
Power Handling (WRMS)	80
Peak Power (W)	150
Sensitivity (2.83V/1M) (DB)	88
Frequency Response (Hz)	45-20,000
